COMPANY PROFILE

ADPCO is a company committed to remain at the forefront Sanitary Fixtures and Toilet accessories.

ADPCO is dedicated to provide its customers through out the Kingdom with high quality products and services at a better price, thereby ensuring its continued growth and recognition.

Our business activity also includes the supply of various products required for Electro-Mechanical projects. To support this ADPCO has been in constant surveillance with the latest and best quality products available in the world-market. With larger and more aggressive marketing team and a wider range of product line to choose from we have become a strong competitor in the world market. Our highly qualified staffs strive to give you the best service by monitoring and maintaining current industry standards and by playing an active role in maintaining high standards.

ADPCO skills and products make a major contribution toward safe guarding the business from disruption, achieving continuity and maintaining production diversify business:
